All Please take a look at the compiled table and make sure your suggestions are included, logistics make sense for combined trips and timeframes are accurate. Also if there are events at these sites this year please indicate potential dates for travel so that Doug can take advantage of them if he is able.

Jennifer I don't think we reached out to you about this earlier but if you think there are specific NEPA activities that Doug would benefit from seeing in the field stop by and lets chat.

Please get back to Betsy me, with any changes by 1/26. Thanks.

Sandy
